It's no secret, that we are Shropshire's best kept secret.

The only purpose-built auditorium in the county, The Shropshire Conference Centre (or SCC for short) is so much more than just a venue. A range of flexible spaces tailored for meetings, events, conferences, launches and workshops - makes us one of Shropshire's leading venues.

“

Thank you for ensuring that our day was a success. We received very positive comments about the venue and that residents found it a perfect place for our event.

”

The Centre

Whatever you need, the SCC can provide all the resources for a successful day.

We can easily accommodate numbers up to 200 and we pride ourselves in offering the latest cutting-edge equipment to make any gathering go with a bang. Located on the outskirts of Shrewsbury, the County Town of Shropshire, we are in perfect reach of excellent transport links and convenient access to the motorway network. 15 minutes from Telford, 50 minutes from Birmingham and a little over two hours from London.

The SCC is a not for profit organisation and we reinvest our proceeds into the successful running of the centre. Although independent, the SCC share a large site with the Royal Shrewsbury Hospital, making us easy to find with free dedicated private parking. The venue was built for business and the support team can help you plan every element of your event or conference. We have links with a number of excellent hotels and restaurants nearby, and our in-house hospitality team can cater for your dining needs during your stay.

Don't worry about any complicated hidden charges, you pay a single, competitive fee to hire the room and then gain access to support materials including laptops, flip charts and data projectors all absolutely free. We are proud to offer the latest video conferencing facilities, allowing you to keep connected with colleagues in another location.

Our support team can be on hand for advice and guidance on the day, and how many venues can promise that?

We're proud to be different. From the moment you step into our impressive glass-walled, light and airy reception area you'll see why. As well as our larger spaces, we have syndicate rooms for smaller meetings which house up to 12 boardroom-style, or 24 when adjoined. Most have a digital projector and air conditioning, and all have internet access. IT Facilities can be set up in all rooms if you wish and our team can provide further support materials to help your time at the SCC run as smoothly as possible. We can even offer flexible and competitively priced food and drink options if you'd like your event to be catered for. Let us know what you need and we'll make it happen.
